

TOUR & TAXIS ROYAL DEPOT

The historic Royal Depot was entirely renovated at the beginning of this century into a multifunctional office building with commercial activities on the ground floor. The building has recently been updated with solar panels, air conditioning and CO2 meters. New sanitary blocks are foreseen as from spring 2022. Located at the entrance of the entire Tour & Taxis site, the building offers several services on the ground floor, such as restaurants, shops, sport facilities, reception, kinder-garden, showers, a secured bike parking, a shuttle service to the North Station, with a 6-minute frequency etc.
